

Exceeding Customer Expectations

TMF Plastics is a global manufacturing company specializing in:

- Injection Molding
- Extrusion
- Mold Building
- Die Casting & Stamping
- Assembly and Packaging
- Sourcing

At TMF, we are passionate about our work and share our enthusiasm with each of our customers. We want to develop a lasting relationship with your company by finding superior solutions to your manufacturing needs. We use high-quality equipment to ensure that all of our process produce first-class results for our customers.

We work with well known international companies such as Samsung, Dell, Nautilus, Schwinn, Stairmaster, Bowflex, and more! We are committed to quality service, delivery and competitive prices.

Our Corporate Philosophy:

Innovative Solutions

TMF offers strategic, value-driven solutions which provide competitive advantage to our clients. We also provide innovative thinking for creative problem solving of complex technical issues.

Pursuit of Rationality

TMF brings a rational approach to providing services that satisfied customers in search of quality, performance, price and after-sales service. Customer interests will be addressed quickly and thoroughly.

Respect for Humanity

TMF values and respects relations between people. We aim to build a better environment, through direct relations with customers, employees and suppliers. Especially, relationships with customers must be mutual, proactive and empathetic.

We are a worldwide operation headquartered in Plano, Illinois with manufacturing facilities in Aurora, IL, Grants Pass, OR, Ft. Meyers, FL, and Dongguan, China.
